

## NCEA / CIE Success Strategies

NCEA / CIE Success Strategies is a study skills programme with a difference. It combines **study skills** with **motivation & resilience strategies**, to give senior school students the **tools** needed to maximise their academic results.

It can be run either:

1. at the beginning of the year to **prepare** them for the challenges ahead;
2. four to six weeks before exams for **maximum leverage** of the ideas learned; or
3. when the year starts to take its toll on the students & they require that much needed lift to **nuckle down & focus**.

To ensure the students can remember & recall the message, Darren uses an effective acronym - **B.E.S.T**:

<b>B</b> elief	to raise their expectations & standards & develop the inner confidence to perform at their best in school & life
<b>E</b> xcellence	systems to manage themselves & their workload efficiently
<b>S</b> tudy	a tool kit of highly effective & easily implementable study techniques to measurably maximise their study scores
<b>T</b> oughness	a variety of mental strategies to help students become resilient in the face of adversity & to bounce back from failure

NCEA / CIE Success Strategies is a 2 – 2.5 hour seminar which includes a **wide range** of study tips & methodologies as well as the vitally important **character traits** required to **apply** these skills for optimum success. Combine these tools with a **live DJ** playing the latest music & you now have what we call '**edu-tainment**' (education + entertainment). The perfect mix for Y Gen students who need *relevant, practical strategies*, delivered to them in a **captivating & engaging** manner.

Students learn best when they can relate to the speaker and his message. Darren is a *young, enthusiastic, passionate & fun* individual who gave up a great career as an Accountant in one of the largest firms in the world, to pursue his dream of being a motivational speaker.

His life story demonstrates how:
