Dear Darren,

I would like to thank you for coming out to Marcellin College and working with our Year 10 students as they embark on selecting their VCE subjects for 2008. The 'Shape Your Destiny' Workshop provided a great opportunity for our boys to get motivated by a different voice and they found it extremely motivating and helpful. The boys were very much engaged in the workshop and the combination of writing, music, video and movement ensured that you had their total attention.

You spoke to the boys on their level and yet respected the philosophies of the College and were able to include these in your presentation. The energy in the room was great and the addition of the DJ also kept the boys engaged for the entire workshop.

Many of the boys were clearer in their choice of subject after the seminar and those that had a fair idea had their choices reinforced.

I would like to thank you again for working with our boys and look forward to you doing it again in 2008 and possibly at VCE level.

Yours faithfully,

Mark Aiello
Senior School Coordinator
