- create a **step-by-step plan of action** to follow through within 14 days, to build momentum toward their academic & career goals; &

**The success of the Shape Your Destiny seminar lies in Darren's unique ability to inspire students to take immediate action! By helping students develop the 3Cs for success:**

I can now discipline myself & be more organised with my [academic] goals."*

**Darren relates exceptionally well to teenagers**, not only because he is **young** & understands their issues, but because he was **unclear** about his future like many students are today. Darren gave up a **great career** as an Accountant, to pursue his **dream**. On his journey to the top, Darren went from being the **worst performer** in the nation, to being the **No. 1 Business Development Manager & Leadership Coach** in Australia at age 25, by using the very principles he teaches in the seminar.
